

**Size:** One (1) bottle, 2 fl. oz. (60 ml)**Servings Per Box:** Twelve (12)**Flavor:** Berry Blast

Max Muscle Sports Nutrition (MMSN) is pleased to introduce Barracuda Extreme Energy Drink. Barracuda is a uniquely formulated energy supplement designed for an extreme energy rush, enhanced mental focus and physical enhancement. The unique balance of ingredients are intended to:

- **Promote Energy†**
- **Increase alertness and concentration†**
- **Reduce mental fatigue†**
- **Improve emotional state†**
- **Stimulate metabolism†**
- **Enhance physical performance†**

Barracuda Extreme Energy Drink contains 500 mcg (8,330% Daily Value) of the key energy supporting ingredient Vitamin B12 along with high levels of the synergistic nutrients Niacin, Vitamin B6, Folic Acid and Vitamin C. These nutrients will jump start your metabolism and maintain high levels of energy for several hours. Barracuda Extreme Energy Drink also contains a Proprietary Blend of energy, mental and physical enhancing ingredients including; Caffeine, L-Taurine, N-Acetyl-L-Tyrosine, Malic Acid, Glucuronolactone, and L-Phenylalanine.

Barracuda Extreme Energy Drink contains 250 mg caffeine per 2 fl. oz serving. Caffeine is a well-known stimulant that increases alertness, increases metabolic rate, increases energy levels and athletic performance. Vitamin B12 has many important metabolic functions and plays a vital role in energy production and metabolism. Vitamin B12 supports healthy cognitive and nerve function as well as memory, emotional well-being and energy production. Vitamin B12 works in conjunction with Vitamin B6 and Folic Acid for energy production and fat burning metabolism. L-Taurine is a non-essential amino acid and supports alertness, detoxification and has antioxidant activity. L-Tyrosine is a precursor to chemicals in the brain that support mood, memory, cognitive function and well-being. N-Acetyl-L-Tyrosine is a more water soluble form of this amino acid than L-Tyrosine making it more rapidly absorbed and bioavailable to the body. N-Acetyl-L-Tyrosine acts similarly to L-Tyrosine in the body. Malic Acid is an essential biochemical intermediate in metabolism. The body cannot burn fuel for energy and produce ATP without Malic Acid. Glucuronolactone has been shown to boost energy, reduce sleepiness,

(cont'd on p.2)

KEY FEATURES

- Promote Energy†
- Increase alertness and concentration†
- Reduce mental fatigue†
- Improve emotional state†
- Stimulate metabolism†
- Enhance physical performance†

KEY MESSAGES

- A scientifically formulated extreme energy supplement designed to provide a powerful energy rush, enhanced mental focus, alertness and physical enhancement†
- Contains high levels of Vitamin B12 (8330% Daily Value) in conjunction with high levels of Vitamin B6 (2,000% Daily Value), Folic Acid (100% Daily Value) and Niacin (200% Daily Value) to support energy production and fat metabolism†
- Contains a synergistic blend of energy supporting, mood enhancing, alertness promoting ingredients like Taurine, Malic Acid, Caffeine, Glucuronolactone, N-Acetyl-L-Tyrosine and L-Phenylalanine†
- Provides 250 mg Caffeine per 2 fl oz serving†
- Added health benefits of the naturally-occurring antioxidant Vitamin C†
- Ancillary electrolytes including Sodium, Potassium and Chloride
- Barracuda is a powerful energy drink with a surprising "Wow" factor†
- Refreshing Berry Blast flavor

 **Daily Values not established.

Other Ingredients: Purified Water, Fructose, Vegetable Glycerin, Fruit Juice Concentrates (including Cherry, Raspberry, Blueberry, Cranberry, Boysenberry), Natural Flavors, Sucralose, Potassium Sorbate and Sodium Benzoate (to protect freshness).

Contains 250 mg caffeine per 2 oz. serving

Directions: Shake well prior to use. To assess tolerance, always begin use with one-half bottle (1 fl. oz.) daily. If well tolerated increase to 2 fl oz. You can also mix one to two fl. oz. in 12 to 16 oz. cold water. Do not consume on an empty stomach. Consuming on an empty stomach may cause nausea. DO NOT TAKE AFTER 6 PM. MAY CAUSE SLEEPLESSNESS. DO NOT EXCEED THREE (3) BOTTLES DAILY.

WARNING STATEMENT

NOT FOR USE BY INDIVIDUALS UNDER THE AGE OF 18 YEARS. DO NOT USE IF PREGNANT OR NURSING. Consult a physician or licensed qualified health care professional before using this product if you have, or have a family history of heart disease, thyroid disease, diabetes, high blood pressure, depression or other psychiatric condition, glaucoma, difficulty in urinating, prostate enlargement, or seizure disorder, or if you are using a monoamine oxidase inhibitor (MAOI), or any other dietary supplement, prescription drug, or over the counter drug containing ephedrine, pseudoephedrine, or phenylpropanolamine (ingredients found in certain allergy, asthma, cough or cold, and weight control products.) DO not exceed recommended serving. Exceeding recommended serving may cause adverse health effects. Discontinue use and call a physician or licensed health care professional immediately if you experience rapid heartbeat, dizziness, severe headache, shortness of breath, or other similar symptoms. Individuals who are sensitive to the effects of caffeine or have a medical condition should consult a licensed health care professional before consuming this product. The consumer assumes total liability if this product is used in a manner inconsistent with label guidelines. DO NOT USE FOR WEIGHT REDUCTION.

KEEP OUT OF REACH OF CHILDREN.
Phenylketonurics: Contains Phenylalanine

(cont'd from p.1)

improves alertness and reaction time. It is particularly effective when combined with L-Taurine and caffeine. L-Phenylalanine is a metabolic precursor to L-Tyrosine which is converted to several key neurotransmitters. L-Phenylalanine promotes healthy mental acuity and supports a positive mental outlook. Barracuda Extreme Energy Drink is a great tasting shot and the best opportunity to support your demanding energy needs.

Barracuda Extreme Energy Drink is not for use by individuals under the age of 18 years. Do not use if pregnant or nursing. Read the entire label before consuming this product. CONSUME RESPONSIBLY.

Please read all warnings and directions before taking this product. Consult a physician before starting any diet or exercise program.
